Re: PC23-001 – 2201 N. Chestnut Ave Preliminary Subdivision Plat Extension Request #2

Attachments:

- 1) Resolution 24-017 Subdivision Preliminary Plat 2201 N. Chestnut
- 2) Preliminary Plat of Subdivision
- 3) Village Board Meeting Minutes – May 19, 2025

Project Background:

On June 3, 2024, the Village Board adopted Ordinance #24-017, which granted Preliminary Plat of Subdivision approval to 2201 N. Chestnut Avenue and 315 W. Rand Road. The Preliminary Plat of Subdivision was set to expire on June 3, 2025. On May 19, 2025, the Village Board granted the petitioner an extension of the preliminary plat approval until December 1, 2025.

At that time, the Village staff had been consistently coordinating with the petitioner's design professionals since the initial subdivision approval, providing three (3) rounds of comments on final plat submissions. The most recent comments were provided on April 5, 2025, with the majority of the staff comments addressed by the petitioner in good faith. The subsequent extension request was received due to delays in received bids pertaining to the underground (utilities) aspects of the project. The petitioner indicated to staff that there was a disparity between their initial estimates and preliminary bids for construction. The time extension would allow for the petitioner to gather more pricing information. Planning and Community Development staff recommended a six-month extension until December 2, 2025, which was reviewed and approved by the Village Board, for the petitioner to receive construction costs and determine if the preliminary plat can move forward in its current configuration.

The petitioner has received additional construction cost information which is well in excess of the preliminary construction cost estimates which will require potential modifications to the site plan in order to determine project viability. As a result, a second extension of the preliminary plat approval has been received for a minimum of 6 months. The extension of time would be used to investigate changes to the site plan and discuss requirements of the initial entitlements. In accordance with Chapter 29 of the Village Code, only Village Board approval is required for the first extension of Preliminary Plat of Subdivision approval. Any subsequent extension requires review by the Plan Commission with a recommendation submitted to the Village Board according to code.

The Planning and Community Development staff recommends an extension until August 4, 2026, in order for the petitioner to determine what, if any changes, may be needed to the design and coordinate with staff on any potential amendments to the entitlements or preliminary plat of subdivision. The extension timeline should afford ample time to complete a final determination of

cost impacts and submit plans for review and potential amendments for consideration. Village staff would not recommend any additional extension to the preliminary plat approval beyond that date.

The petitioner will need to submit all required information in accordance with Chapter 29 of the Village Code and any conditions of the preliminary approval prior to the new expiration date.

Recommendation

It is recommended that the Plan Commission approve the following:

1. A second extension to the PUD and Preliminary Plat of Subdivision expiration deadline, from **December 1, 2025,** to **July 21, 2026.**

VIII. CITIZENS TO BE HEARD

Anyone wishing to speak on a subject not on the Agenda should fill out a card, located in the back of the room, and hand it to the Village Clerk. Please limit your comments to three minutes.

Keith Moens said the Village has a great opportunity to negotiate funds for education, affordable housing, infrastructure investment, public health and 'safe streets' from the Bears Football Club. He insinuated there were closed-door meetings being held.

President Tinaglia said there are no closed-door meetings happening. If the Bears do make an announcement that they are coming to Arlington Heights, there will be an enormous amount of opportunity for every resident, every business owner, to become educated and participate in the dialogue. This entire Board will have something to say. We're all committed to working on behalf of the neighborhoods here to make sure it's a great project if it's going to happen. We're still waiting for that direction.

Don Lucki Jr. introduced the 'One Road, Many Paths' not-for-profit, an Arts and Cultural Organization.

Matthew McDonnell brought attention to the speeding on Kensington near Windsor Dr., and the safety implications for the school children trying to cross there. He asked the Village for assistance in keeping the children crossing safe. Mr. Recklaus will follow up with Mr. McDonnell.

IX. CONSENT AGENDA

This Agenda consists of proposals and recommendations that, in the opinion of the Village Manager, will be acceptable to all members of the Board of Trustees. The purpose of this Agenda is to save time by taking only one roll call vote instead of separate votes on each item. Consideration of this Consent Agenda will be governed by the following rules and procedures prior to roll call vote:

1. Any Trustee who wishes to vote "no" or "pass" on any Consent Agenda items should so indicate.
2. Upon the request of any one Trustee, any item will be removed from the Consent Agenda and considered separately after adoption of the Consent Agenda.
3. Citizens in the audience may request that the Board remove any item from this Consent Agenda for separate consideration after adoption of the Consent Agenda.
4. One roll call vote will be taken and will cover all remaining Consent Agenda items.

- President Tinaglia said if a majority of the Board wishes, the issue could be discussed at a future Committee of the Whole meeting.
- Trustee Shirley said if a discussion occurs on this issue, he would like a summary of the proclamations the Board has issued in the past few years in order to understand the scope.
- Trustee LaBedz encouraged residents to stay after the parade for the ceremony at Memorial Park.
